No. D/1954-A. OF 1915.

OFFICE OF THE SURGEON-GENERAL WITH THE GOVERNMENT OF BOMBAY:

Poona, 6th July 1915.

From

THE HONOURABLE SURGEON-GENERAL
R. W. S. LYONS, M.D., K. H. P., I. M. S.,
Surgeon-General with the Government of Bombay;

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Sir,

I have the honour to submit, for the information of Government, the following report on the Civil Hospitals and Dispensaries of the Presidency for the year 1914.

STATEMENT A.

2. The total number of institutions open on 31st December 1914 was 760 against 742 on 31st December 19.3. The number of State and State-aided institutions rose from 371 to 379. In accordance with the scheme for providing additional dispensaries in districts, 4 dispensaries were opened at Ankola, Paud, Nárgund and Mundargi. A scheme for the establishment in selected districts of special dispensaries for the treatment of women and children was also considered but has been deferred for want of funds owing to the present financial situation.

Buildings.

3. The following additions and improvements to hospitals have been made during the year:—

(1) At the J. J. Hospital the Wadia Home for Nurses was extended and provided with an enclosure fence between the old and new wings and connected by a covered way to the J. J. and Petit Hospitals. The Soldiers' Wives' Home was provided with sanitary fittings and other minor additions were made to the hospital buildings.

(2) At the Gokuldas Tejpal Hospital quarters for the steward and the clerk were completed and an isolation and observation ward was added to the hospital.

(3) At the Alibág Civil Hospital the entire hospital was provided with a ceiling, and verandahs and floors of the police and male wards were paved with Shahabad stone.

(4) At the Sátára Civil Hospital the Police and Medical wards and the Office were re-roofed and provided with a teakwood ceiling.

(5) At the Bijápur Civil Hospital the rough walls of the isolation ward were plastered.

(6) At the Karáchi Civil Hospital the new quarters for nurses were completed and occupied.

STATEMENT B.

4. The total number of patients treated during the year was 2,485,773 as compared with 2,355,620 in 1913, an increase of 130,153 or 5·5 per cent. Of the total number treated, 61,786 were in-patients and 2,423,987 out-patients, the former showing an increase over the previous year of 1,918 or 3·2 per cent. and the latter 128,235 or 5·5 per cent.

5. Of the in-door patients treated during the year 41,618 were cured, 6,960 were relieved, 4,841 were discharged otherwise and 5,096 died. The ratio of deaths per cent. to the total treated was 8·2 as compared with 8·7 in 1913.

6. The number of beds available was 6,495 against 6,518 in 1913, the slight fall of 23 being due to the exclusion of 42 beds at the Quarantine Hospital, Aden, where no cases were admitted in 1914. The daily average number of patients occupying beds was 3,556·2 as compared with 3,242·7 in the previous year. The average daily attendance of out-door patients was 22,928·7 against 20,915·4.

STATEMENT C—I.

7. The annexed table shows the more important diseases among the in-door patients treated during the years 1913 and 1914, and mortality due to them:—

Disease.	1914.		1913.	
	Total treated	Deaths.	Total treated.	Deaths.
Cholera	290	120	94	39
Dysentery	1,529	199	1,496	220
Leprosy	1,502	130	1,627	142
Malaria	7,193	116	6,736	156
Plague	677	456	821	574
Small-pox	390	91	457	89
Tubercle of the lung	1,177	340	1,108	379
Other tubercular diseases	1,156	166	1,247	155
Diarrhoea	1,476	406	1,314	351
Injuries (general and local) ...	8,726	580	8,692	661
Labour cases, normal and abnormal ...	5,378	63	3,556	56

8. Cholera shows a considerable increase. The disease was epidemic in the Deccan, principally in the Sholápur and Bijápur Districts. Arrangements were made for the disinfection of wells in cholera infected localities and Government have recently sanctioned the free issue of potash permanganate pills for the treatment of cases of cholera put up in the form of 'treatments'. It is hoped that these measures will assist considerably in controlling the disease.

9. Malaria furnished a larger number of admissions than in the previous year but with fewer deaths. Quinine 'treatments' worth Rs. 25,000 were sold to the public in malarious districts. Owing to many Civil Sub-Assistant Surgeons having been transferred to the Military Department in connection with the war, it was not possible this year to send out special medical officers on anti-malarial duty in the Presidency proper and only 6 could be sent to a few of the most malarious places in Sind.

10. Tuberculosis gave practically the same number of admissions as for 1913. A scheme for providing special wards in Civil hospitals for the treatment of advanced cases of tuberculosis in towns where the disease is very prevalent has been approved by Government. This will require to be supplemented by the provision of Municipal out-door dispensaries for the treatment of patients who are not so ill as to require admission into a hospital. The King George V Anti-Tuberculosis League has agreed to assist as far as possible in the furtherance of these schemes.

11. The total number of cases of smallpox treated during the year was 610. Of these 258 were unvaccinated, 284 were vaccinated in infancy, 5 vaccinated in later life, 4 vaccinated after infection and 1 re-vaccinated. The vaccinal condition was not known in 58 cases.

12. The rise (51·2 per cent.) in the number of labour cases indicates the popularity of maternity wards attached to hospitals and dispensaries. Of this increase 31·3 per cent. occurred in the hospitals and dispensaries in Bombay City principally in the Municipal dispensaries. The remaining increase of 19·9 per cent. occurred in mofussil hospitals and dispensaries a few of which have maternity wards and nurses. If it were possible to provide a nursed maternity ward in each district it is believed that the number of admissions would increase enormously.

STATEMENT C—II.

13. Amongst out-door patients malaria furnished the largest number of admissions; next in order coming diseases of the Digestive and Respiratory systems, diseases of the Eye, Ear and Skin.

STATEMENTS D—I & D—II.

14. The attendance at Police, Canal, Forest and other State Special Institutions fell from 57,505 in 1913 to 47,221 in 1914. The fall is mainly due to smaller number of malarial cases treated.

15. At the Railway Hospitals the attendance rose from 198,192 in 1913 to 202,845 in 1914. The increase is probably due to the increase in the number of work people employed on railway works.

STATEMENT E.

16. The total number of in-door patients treated at private non-aided institutions during 1914 was 2,046,198 as compared with 2,042,812 in 1913, an increase of 3,386.

STATEMENT F.

17. Of the 2,485,773 patients treated, 21,368 were Europeans and Eurasians, 1,572,892 were Hindus, 756,929 were Musalmans and 134,584 belonged to other classes.

18. The attendance at female hospitals and dispensaries rose from 75,519 in 1913 to 85,898 in 1914 showing an increase of 13·7 per cent.

STATEMENT G.

19. 101,467 surgical operations were performed against 97,824 in 1913. They were performed on 100,776 persons with a mortality of 0·46 per cent. as compared with 0·53 in 1913.

20. The removal of tumours and cysts accounted for 1,527 operations with 14 deaths. Amputations numbered 537 with 35 deaths. Cataract extractions 1,639. Vesical Calculi were removed by Litholapaxy and Lithotrity in 1,174 cases with a mortality of 1·9 per cent. In 128 cases Lithotomy was necessary, and of these 19 died.

21. Abdominal operations other than those for diseases peculiar to women numbered 1,620 with 137 deaths, while for diseases peculiar to women the numbers were 254 with 9 deaths, the total number of abdominal operations being 1,874 with 146 deaths. This included 310 operations for radical cure of hernia and 130 for abscess of the liver, of whom 30 died.

22. Obstectric operations numbered 1,130 with 34 deaths and operations for conditions peculiar to women other than obstetric and abdominal amounted to 539 with 2 deaths.

23. A high standard of surgical work has been maintained and the results obtained were on the whole excellent.

STATEMENT H.

24. The total income, exclusive of the cash balance, amounted to Rs. 25,18,814 as compared with Rs. 23,25,696 in 1913. The amount received from Government was Rs. 12,80,512. Local funds contributed Rs. 2,87,587 and municipal funds Rs. 4,46,867. The interest on invested capital yielded Rs. 39,676. Subscriptions from Europeans and Indians amounted to Rs. 66,215. Miscellaneous receipts amounted to Rs. 3,97,957, of which Rs. 1,14,904 were realized on account of hospital fees and Rs. 1,30,322 were contributed by the several Nursing Associations.

25. The total expenditure amounted to Rs. 25,08,583 against Rs. 23,20,963 in 1913. Deducting from this Rs. 1,87,821 remitted into the Treasury on account of hospital fees, sale proceeds of unserviceable articles, &c., and Rs. 25,260 invested during the year, the net cost was Rs. 22,95,502. The average cost of each diet was Re. 0-3-6. The percentage of cost borne by Government was 55·7 against 59·7 in 1913.

STATEMENT J.

26. On 1st January 1914 the invested capital stood at Rs. 10,87,565. During the year Rs. 25,260 were invested and securities worth Rs. 71,100 were sold or withdrawn, leaving a balance of Rs. 10,41,725.

I have the honour to be,

Sir,

Your most obedient servant,

R. W. S. LYONS, M.D.,

Surgeon-General, I. M. S.,

Surgeon-General with the Government of Bombay.

APPENDIX I.

CIVIL HOSPITAL AND DISPENSARY STATISTICS.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Bombay Presidency during the year 1914.

Total [Population of the Province—27,084,317.]

Class of Civil Hospital and Dispensary.	Number open on 31st December 1913.	Number opened during the year 1914.	Number closed during the year 1914.	Number open on the last day of the year 1914.	Remarks.
1	2	3	4	5	6
I.—State—Public ...	50	(*a*) 1	...	51	(*a*) Hiranand Leper Asylum, Mango Pir, Karáchi, transferred from Class IV.
II.—State—Special—					
(i) Police ...	5	...	...	5	
(ii) Forests and Surveys ...	2	...	(*b*) 1	1	(*b*) Akola Dangs Travelling Dispensary.
(iii) Canals ...	5	...	...	5	
(iv) Others ...	14	(*c*) 1	...	15	(*c*) Government Training College and High School Dispensary, Dhárwár.
III.—Local and Municipal Funds ...	279	(*d*) 7	(*i*) 1	285	(*d*) Rajanna Jallooji Dispensary in Bombay City, Ankola in Kanara, Paud and Municipal Dispensary, Yeravda, in Poona, Nargund and Mundargi in Dhárwár and Lukhmidas Teckchand Hospital in Karachi Districts.
IV.—Private—Aided ...	16	(*e*) 2	(*f*) 1	17	(*e*) Travelling Dispensary for women and children, Kolába (Mrs. Emanuel's Dispensary), and King Edward Memorial Dispensary for woman and children in Poona. (*f*) Hiranand Leper Asylum, Mango Pir, Karáchi transferred to Class I.
V.—Private—Non-aided ...	323	(*g*) 23	(*h*) 13	333	(*g*) 6 in Káthiáwár, 4 in Surat Agency, 3 each in Broach and Palanpur, 2 in Rewa Kántha and 1 each in Poona, Sátára and Surat Districts and Kaira and Mahi Kántha Agencies. (*h*) 6 in Southern Marátha Country, 2 each in Thána District and Thána Agency and 1 each in Bombay City, Ratnágiri District and Bijápur Agency
VI.—Railways ...	48	...	...	48	(*i*) Sunder Mulji Dispensary, Jalgaon.
Total ...	742	34	16	760	

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as 'State' when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—'Public' are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries, whether maintained by State railways or others.

BOMBAY: PRINTED AT THE GOVERNMENT CENTRAL PRESS.

Annual Reports.—

Report on Civil Hospitals and Dispensaries in the Bombay Presidency for the year 1914.

No. 6857.

GENERAL DEPARTMENT.

Bombay Castle, 3rd September, 1915.

Letter from the Surgeon General with the Government of Bombay, No. D.-2234, dated the 7th August, 1915 :—

"I have the honour to forward the Annual Report on the Civil Hospitals and Dispensaries of the Bombay Presidency for the year 1914 and to state, for the information of Government, that there is nothing in it, the immediate publication of which can be considered of doubtful expediency."

ORDER.—The report should be published.

J. L. RIEU,
Secretary to Government.

To

The Surgeon General with the Government of Bombay,
The Sanitary Commissioner for the Government of Bombay,
The Commissioner in Sind,
The Commissioner, N. D.,
The Commissioner, C. D.,
The Commissioner, S. D.,
All Collectors and the Deputy Commissioner, Upper Sind Frontier,
The Municipal Commissioner for the City of Bombay,
The Municipal Secretary, Bombay,
The Accountant General,
The Compiler, General Administration Report for 1914-15,
} With copies of the report.
The Private Secretary to His Excellency the Governor,
The Editor of Government Publications,
The Government of India (by letter No. 3859, dated the 3rd September, 1915),
The Under Secretary of State for India (by letter).
